

GFJI Membership & Local Empowerment Groups

Our Vision:

The vision for this initiative is to establish a powerful network of individuals, organizations and community based entities all working toward a food secure and just world.

Who we are:

The Growing Food and Justice for All Initiative (GFJI), supported by Growing Power, Inc., is a comprehensive network that views dismantling racism as a core principal that brings together social change agents from diverse sectors working to bring about new, healthy and sustainable food systems, and supporting and building multicultural leadership in undeserved communities throughout the world.

What do we want?

We want to work together with a shared vision of dismantling racism via network building, shared leadership, economic growth and community food systems.

Membership Benefits:

- A diverse forum to explore dismantling racism in the food system;
- A safe space for discussion and decision making;
- Networking and peer support, building relationships;
